ADOPTION APPLICATION FOR CATS

<i>For office use only</i>	
Date	_____
Name of Cat	_____
Applicant	_____
Approved by	_____
Amount of deposit	_____

Thank you for your interest in our cats available for adoption. We hope you find what you are looking for! Our animals were either strays or turned in by their owner. We will be glad to give you whatever information we know about the cat. The cats receive an exam upon admission to the shelter and their health and behavior is monitored daily.

We want the cat to be a good match for you and your family, and to be placed in a loving home. Therefore we ask that you complete this application. The adoption counselor will call your veterinarian and landlord (if you have one) for a reference. Adopters must be a minimum of 18 years old and have a driver's license showing current address. We also request that you bring all family members to meet the cat before adoption to ensure compatibility. That can also include other pets.

Please be aware that caring for a cat takes a commitment of time, money, and patience. In return we hope you will be rewarded with the fun of owning a friendly and loving companion. It's important to note that training is the key to a well-mannered cat. Remember cats can live for over 12 - 14 years; are you willing to include your cat in your future plans? Are you willing to pay necessary medical expenses? Do you understand that cats behave differently than dogs? These are things we hope you consider in your decision to adopt a friend for life!
